## Hello! Nice to Meet You

Get to know a trusted friend  
by Avis (Paid Content)

Meet one of the top companies and hear how it has aligned with AARP to offer you exclusive member benefits you can't find elsewhere. It started when AARP's Founder Dr. Ethel Percy Andrus recognized that once they retired, teachers and other American workers did not have adequate health insurance or secure financial futures. She approached dozens of companies until she found those willing to design products and services that offered valuable benefits especially for adults 50+.

Now, 60 years later, that work continues with a select group of top companies to create game-changing offerings for AARP members. These offerings are regularly re-evaluated to ensure members get the quality service and exceptional value they expect and deserve.

AVIS - Providing AARP Member Discounts Since 1977 Savings with Superior Customer Service

Honoring good old-fashioned values like honesty, dedication and loyalty is something that Avis has taken seriously since 1946. Providing the right combination of superior customer service and price has allowed Avis to provide exclusive benefits to AARP members for more than 40 years. Because of this, you can expect a seamless experience through the whole car rental journey, from reservation to car return, so you enjoy your trip.

“We rely on them to fuel our family time.”

SHUTTERSTOCK

Our family is spread across the country and making time to be together is important. Our annual family vacations are something we all look forward to. Last year, we took an unforgettable road trip through the Grand Canyon National Park. The flights took some coordinating from our various locations; the easiest part was picking up our car rental at the Avis counter. Why Avis? **As AARP members, we appreciate the exclusive benefits that save us money and give us the choices we need for a successful family trip.** The free additional driver benefit means my son or his wife can take a turn behind the wheel, and a discounted GPS makes getting where we're going a breeze. Avis has been helping to make our family trips possible for the past 10 years. This year we'll meet up in Seattle and drive the Pacific Coast. We can hardly wait!

KNOW BEFORE YOU GO

**Questions to ask before you book your next road trip rental**

1. How many people can the car fit comfortably?
2. What's the trunk capacity?
3. Is a luggage rack available and are there any restrictions?
4. Is a child car seat available and how much extra will it cost?
5. How many drivers are covered?
6. Is GPS available? What is the cost and are the maps updated?

Avis is the only car rental company approved to offer exclusive member discounts to AARP members.
